Reduced View of Certificate of Stock.

This Corporation owns 25 miles on **Peace River, British Columbia.**

These dredging claims are among the most remarkable in the world. They were sold to the Corporation on a guarantee from the vendors of \$1.52 in gold for every cubic yard of soil, making their value, based upon the most conservative figures, over **Fifteen Millions of Dollars.**

THE JUPITER GROUP IN ALASKA.

This group consists of five quartz claims, each 1,500 x 600 feet, situate on the Island of Revillagigedo, Southeastern Alaska, 200 miles south of Juneau. All assessments are paid and the title is perfect.

D. Solis Cohen, of Juneau, says of Revillagigedo Island:

"It seems extravagant, I know, to speak of mountains of ore, but that is the only term that characterizes this and other nearby islands. Hundreds of thousands of tons of ore might be shipped without putting a pick in the ground. For nearly two years I have been giving special study to Revillagigedo and Grevina Islands. They are fabulously rich in minerals, and there is enough territory to keep prospectors busy for many years."

The Home of the Bible

By Marion Harland.

No American woman has more readers than Marion Harland, and her latest book is her greatest. She traveled on the back of a camel or on foot or on horse-back throughout

the Holy Land and Syria. She followed the very footsteps of Jesus, and from Bethlehem through Galilee, to Jerusalem and the Jordan and the lake where he first bade his Disciples to follow him. She went down into Egypt, to Damascus, and other famous places renowned in sacred story. She saw the field of Boaz, the plains of Sharon, Lebanon, Carmel, and the Mount of Olives, where the tragedy of the Cross was enacted.

All these places she has described in a splendid volume of 446 pages, richly bound and illustrated with the finest half-tone pictures made from photographs taken especially for this work. It is a life picture of the scenes of the sacred writings.

We will send this magnificent book, postpaid, to any one who will send us a club of only four annual subscribers at \$1 each.
